ORGANIZING. STORING. SECURING.

## SPACE SAVING STATIONARY KEYBOARD SHELF

### FEATURES:

- Provides a cost-effective solution for standard keyboard support and operation.
- Occupies only 1 RMU to conserve valuable rack space.
- Made from .090" 5052 aluminum sheet to provide sturdy, "jiggle-free" support.
- Available in 19"W (17.25"W useable) or 23"W (21.25"W useable) x 8.28"D.
- Available in four colors.

The new CPI Stationary Keyboard Shelf was designed in response to requests for a basic 1 RMU keyboard shelf to be used in high density server installations. The new Stationary Keyboard Shelf incorporates a rigid 10° angled surface for keyboard support, providing comfortable and convenient keyboard positioning and operation. Offered in 19" and 23" widths. Depth is 8.28" to accommodate standard keyboards. Available in four colors.

**Stationary Keyboard Shelf...**Another addition to CPI's extensive product line developed to solve the ongoing need for companies to organize, store and secure computer and communications networks.

Please contact your authorized CPI Distributor or CPI Customer Service Representative for more information or go to [www.chatsworth.com](http://www.chatsworth.com).
