

Product Information Sheet

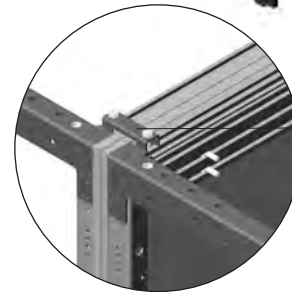

24" (610 mm) BAYING BRACKETS FOR F-SERIES TERAFRAME™ CABINET

The 24" (610 mm) Baying Brackets kit includes brackets and hardware that bay two 23.6"W (600 mm) Gen 2 F-Series TeraFrame Cabinets so that the cabinets are centered over 24"W (610 mm) raised access floor tiles. Note that there will be a .4" (10 mm) gap between the cabinets. To cover (hide) the gap, use a Baying & Fascia Kit (P/N 35080-XXX) instead of this kit. If one or both side panels are omitted between cabinets, seal the gap using a Seal Kit (P/N 35081-001 or 35081-002).

- Each kit includes two 3.6"W x .8"H x 1.0"D (92 mm x 20 mm x 25 mm) C-shaped brackets and installation hardware to bay cabinets
- The brackets attach to the tops of the cabinet frames at the front and rear of the cabinet and space the cabinets apart so that they can be centered over 24" (610 mm) raised access floor tiles
- Cabinets must be the same height
- Allows two cabinets of different depths to be bayed together
- Select the 24" (610 mm) Baying Brackets to match the color of the bayed cabinets
- Designed for use with Gen 2 F-Series TeraFrame Cabinets only

For assistance in configuring your TeraFrame Cabinet, contact Technical Support at 800-834-4969 or visit CPI's Product Configurator at www.chatsworth.com/configurator.

Baying Bracket installed

24" (610 mm) Baying Brackets		
Part Number	Description	Shipping Weight
35079-X01	For 23.6"W (600 mm) F-Series TeraFrame Cabinet	1 lb (0.5 kg)

X=Color: C=Black, D=Signature Blue, E=Glacier White, F=Steel Gray.
