## CUBE-IT WALL-MOUNT CABINET SYSTEM

The patented Cube-it Plus Cabinet System Wall-Mounted telecommunications enclosures designed to secure communications equipment for a cross connect. The cabinets are copper and fiber ready, and feature easy access to the front or rear of the cabinet. Swing-out cabinet body enables easy access to the rear of installed equipment

- Rear panel is pre-punched on the top and bottom with knock-outs for 1/2", 3/4", 2-1/2" and 3" conduit, has a 6" x 6" opening in the back and has cable tie points and attachment points for accessory rack-mount brackets on the inside
- Cabinet body includes one pair of adjustable 19" EIA threaded equipment rails
- Cabinet body is vented. Vents will accept accessory fan
- Front door design includes a tinted plexiglass window and incorporates rounded edges and corners to improve safety in public access spaces
- A locking front door and rear panel provide security
- Wide variety of accessories are available
- Load Rating: 200 lb (90.7 kg) for wall-mounted cabinet
