

Product Information Sheet

Fiber Segregation Kit for Evolution™ Cable Manager

Fiber Segregation Kit creates a separate pathway for fiber cables and patch cords inside Evolution Vertical Cable Managers.

- Use with any height Evolution Vertical Cable Manager
- Attaches to the fixed adapter panel inside single-sided vertical managers and the movable mid-sections inside double-sided vertical cable managers
- The number of kits allowed per manager depends on the width of the vertical cable manager and the position of the Movable Mid-Section in double-sided managers. See table below:

Cable Manager Width	Single-Sided or Double-Sided with 50/50 Front/Rear Split	Double-Sided with 60/40 Front/Rear Split
6" (150 mm)	0	1
8" (200 mm)	1	1
10" (250 mm)	1	2
12" (300 mm)	2	2
15" (380 mm)	2	2

- Each kit includes two 20.5" H (521 mm) J-shaped steel mounting brackets, eight plastic Fiber Segregation Spools and mounting hardware that create a separate pathway inside the vertical cable manager when assembled and installed
- The Fiber Segregation Spools turn 360° with stops at 90° allowing easy access to fiber cables
- The assembled bracket is 3.8"W x 4.3"D (97 mm x 109 mm) with a 2.4"W x 4.0"D (61 mm x 102 mm) interior space and includes mounting hardware
