LARGE DVR SECURITY ENCLOSURE

Secures and protects digital video recorders (DVRs) and other electronic security equipment located outside equipment rooms to help prevent accidental damage, theft or vandalism. Use CPI's Large DVR Security Enclosure to provide the critical security needed for your electronic equipment. Secure equipment that is 10.5"H x 22"W x 26.5"D (267 mm x 559 mm x 673 mm) or smaller, or to wall-mount up to 5U of 19"W EIA rack-mount equipment that is 26.5"D (673 mm) or smaller.

- Place on a countertop or shelf, or wall-mount
- Hinged, locking front door with optional plexiglass window
- Removable top/cover provides easy access to equipment
- Internal attachment points for the accessory Tapped Rail Kit (ordered separately), flush mount the rails with the front of the enclosure or inset them 1.25" (32 mm) to allow additional space for front side cable connections
- Ventilation: includes a Fan Kit with a single 115 VAC, 50/60 Hz, 110 CFM, 37 db, 15 W fan and a 46"L (1168 mm) power cord with NEMA 1-15P plug; fan is UL Recognized and CE marked; the right front side of the enclosure has an air vent; the fan is on the left back side (airflow is vent-to-fan, front right side to left back side)
- Wall-mounting: the back has (2) 1/4" diameter keyhole slots on 16" (86 mm) centers for horizontal wall-mounting which requires the accessory Wall-Mount Kit; the bottom has (4) 1/4" diameter keyhole slots on 16" (86 mm) centers for vertical wall-mounting, which requires the accessory Tapped Rail Kit
- Cable access: the back and bottom panels each have (1) 1-1/2" cable knockout with grommet for cable access and four conduit knockouts for (2) 1/2" or 3/4" and (2) 1" or 1-1/2" diameter conduits; the right and left sides each have one conduit knockout for (1) 1/2" or 3/4" diameter conduit
- Overall size: 11.5"H x 23.25"W x 28.5"D (292 mm x 591 mm x 724 mm)
- Internal equipment space (with no rails): 10.5"H x 22"W x 26.5"D (267 mm x 559 mm x 673 mm); Internal equipment space (with rails): 5U x 19"W EIA x 26.5"D (673 mm)
- Maximum rack-mount equipment load: 80 lb (36.3 kg)
- Product weight: 53 lb (24.0 kg)
- Material/construction: made from steel, riveted construction
- Finish/color: painted black

Accessories

Tapped Rail Kit - Use the Tapped Rail Kit to install 19"W rack-mount equipment in the enclosure; mounting rails provide 5U of rack-mount space. The rails are punched with the EIA-310-D universal vertical hole pattern, have 1.75"U (44.45 mm) and are tapped with #12-24 threads. The rails attach at the front of the enclosure flush with the front of the enclosure or inset 1.25" (32 mm) to allow extra space for cable connections. Rack-mount equipment must have mounting brackets at the front. Kit is required when wall-mounting in the vertical orientation (bottom against the wall) and is recommended when wall-mounting in the horizontal orientation. (ordered separately).

Wall-Mount Kit - Use the Wall-Mount Kit when installing in the horizontal orientation (back against the wall); includes a pair of 9.25"H x 26"D (235 mm x 660 mm) triangular brackets that create a shelf for the enclosure. Installation requires 1/4" hardware (ordered separately).

Part Number	Description H x W x D in (mm)	Shipping Weight lb (kg)
82050-701	Large DVR Security Enclosure, 11.5 x 23.25 x 28.5 (292 x 591 x 724), Metal Door with Plexiglass Window, Black	59 (26.8)
82050-711	Large DVR Security Enclosure, 11.5 x 23.25 x 28.5 (292 x 591 x 724), Metal Door, Black	59 (26.8)
82052-701 ¹	Tapped Rail Kit, 5U x 19"EIA, Black	4 (1.8)
40605-005	Equipment Mounting Screws, #12-24, 50 Pack, Black	1 (0.5)
82051-703 ²	Wall-Mount Kit for Large DVR Security Enclosure, Black	9 (4.1)
82053-002	Replacement Kit for Large DVR Security Enclosure, 115 VAC, 50/60 Hz, 110 CFM, 37 dB, NEMA 1-15P	2 (0.9)

Secures equipment that is 10.5"H x 22"W x 26.5"D (267 mm x 559 mm x 673 mm) or smaller or add accessory Tapped Rail Kit to rack-mount 5U x 19"W EIA x 26.5"D (673 mm) equipment.

1. Required when attaching the Large DVR Security Enclosure to the wall in a vertical (bottom against the wall) orientation.
2. Required when attaching the Large DVR Security Enclosure to the wall in a horizontal (back against the wall) orientation.
