

Product Information Sheet

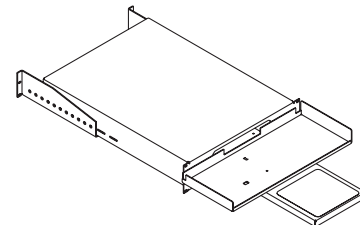

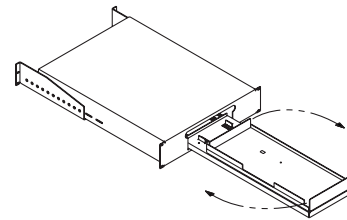

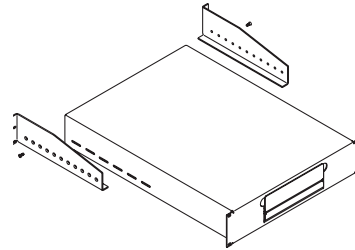

MONITOR SHELF AND SLIDING KEYBOARD TRAY

Monitor Shelf and Sliding Keyboard Tray With Mouse Pad provides a compact, easy to use solution for storing a monitor, keyboard and mouse on a 4-post frame or within a CPI Cabinet System. The shelf provides a sturdy storage space for monitors or other equipment and features an integrated keyboard tray and mouse pad that extends from the center of the shelf and locks in the open position when being used, but is out of the way when closed. Monitor Shelf and Sliding Keyboard Tray With Mouse Pad fits CPI QuadraRack™ Frames and CPI Cabinets Systems that are 24" to 39" deep.

- Available in 19" EIA or 23" wide rack-mount widths
- Attaches to four-post mounting rails positioned between 24" and 39" in depth
- The 2 RMU, 24" deep shelf will support up to 200 lb
- The keyboard tray will hold keyboards up to 19.1"W x 8.5"D
- The mouse pad has a padded 7" x 7" surface
- Available painted in a gray, computer white or black finish
- Installs with eight rack-mount screws (not included with the shelf)

| Part Number | | Color | Shipping Weight |
|-------------|-----------|-------|-----------------|
