

Product Information Sheet

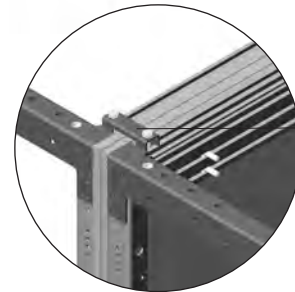

NARROW BAYING KIT FOR F-SERIES TERAFRAME™ CABINET

The Narrow Baying Brackets kit includes brackets and hardware that bay two Gen 2 F-Series TeraFrame Cabinets with or without side panels. If one or both side panels are omitted between cabinets, seal the gap using a Seal Kit (P/N 35081-003).

- Each kit includes two 3.2"W x .8"H x 1.0"D (82 mm x 20 mm x 25 mm) C-shaped brackets and installation hardware
- The brackets attach to the tops of the cabinet frames at the front and rear of the cabinet and space the cabinets apart so that there is space between cabinets for two side panels
- Cabinets must be the same height
- Allows two cabinets of different depths to be bayed together
- Select the Narrow Baying Brackets to match the color of the bayed cabinets
- Designed for use with Gen 2 F-Series TeraFrame Cabinets only

For assistance in configuring your TeraFrame Cabinet, contact Technical Support at 800-834-4969 or visit CPI's Product Configurator at www.chatsworth.com/configurator.
