

Product Information Sheet

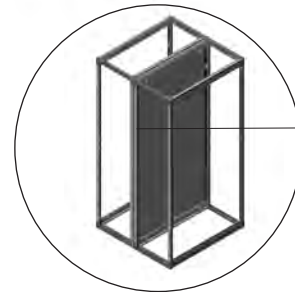

SEAL KIT FOR F-SERIES TERAFRAME™ CABINET

The Seal Kit includes EDPM rubber tubing with edge trim that attaches to Gen 2 F-Series TeraFrame Cabinet frames to seal the gap between bayed cabinets when one or two side panels are omitted. The Side Seal Kits are an important part of the CPI Passive Cooling® Solutions that help prevent hot exhaust air from escaping through the spaces between bayed cabinets. Unsealed spaces between cabinets may allow hot exhaust air to return to the cold aisle, re-circulate through equipment or bypass the Vertical Exhaust Duct causing hot spots or reducing the overall cooling effectiveness of the data center.

- Four kits are available to match customer baying preferences
- Each kit includes EDPM rubber tubing sized to seal the space between two bayed cabinets to prevent recirculation and bypass airflow and maximize cooling effectiveness
- Provides a more economical solution for a row of bayed cabinets by eliminating the need for one or two side panels between cabinets while maintaining thermal performance; side panels requirement is minimized to the ends of rows or one per bayed connection for security
- EDPM rubber tubing has a 3/4" (19 mm) or 3/8" (9.5 mm) bulb seal and flexible plastic edge trim with internal metal clips to grip the edge of the frame
- Select the kit that matches the baying configuration (baying hardware kit and number of side panels installed between cabinets)
- Designed for use with Gen 2 F-Series TeraFrame Cabinets only
- The Seal Kit does not include cabinet baying hardware; order baying kits separately

For assistance in configuring your TeraFrame Cabinet, contact Technical Support at 800-834-4969 or visit CPI's Product Configurator at www.chatsworth.com/configurator.

Seal Kit installed

Seal Kit		
Part Number	Description	Shipping Weight
35081-000	Use with Zero Spacing Baying Kit (P/N 35078-001) to bay cabinets with one or no side panels between cabinets	3 lb (1.4 kg)
35081-001	Use with 24" (610 mm) Baying & Fascia Kit (P/N 35080-XXX) or 24" (610 mm) Baying Brackets (P/N 35079-X01) to bay cabinets with one side panel between cabinets	5 lb (2.3 kg)
35081-002	Use with 24" (610 mm) Baying & Fascia Kit (P/N 35080-XXX) or 24" (610 mm) Baying Brackets (P/N 35079-X01) to bay cabinets with no side panels between cabinets	6 lb (2.7 kg)
35081-003	Use with Narrow Baying Brackets (P/N 35079-X02) to bay cabinets with one or no side panels between cabinets	5 lb (2.3 kg)

Color is black. The Seal Kit does not include cabinet baying hardware; order baying kits separately.
