

Product Cut Sheet

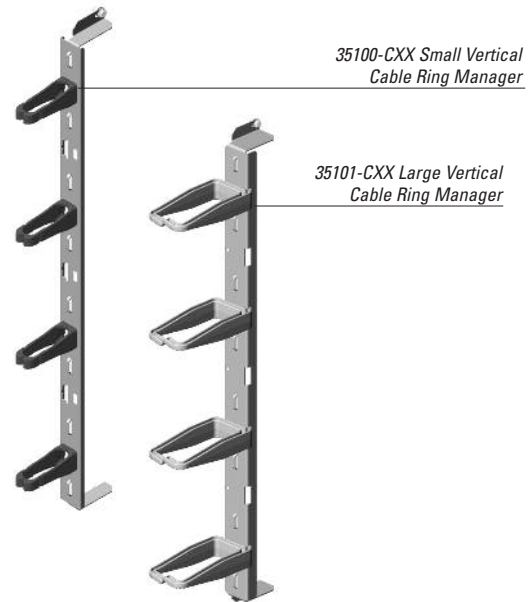

VERTICAL CABLE RING MANAGER FOR F-SERIES TERAFRAME™ CABINET

Vertical Cable Ring Managers attach to the side of the equipment mounting rails and feature plastic C-shaped cable management rings to guide and manage network cables, signal cables and patch and equipment cords.

- Creates an internal vertical cable pathway to guide and protect cables inside cabinets
- Available with small or large rings; each manager includes two half-height mounting brackets, cable rings and installation hardware. The (-C01) 36 RMU manager includes six rings (three per bracket); the (-C11) 51 RMU manager includes ten rings (five per bracket); all other managers include eight rings (four per bracket).
- Mounting brackets attach to the side of the equipment mounting rails in a fixed position
- Mounting brackets allow the ability to mount two kits with one facing forward and one facing towards the rear to manage cables on the front and rear of the mounting rail
- Plastic C-shaped cable rings hold and organize cables; bridge lances on the mounting brackets secure cable bundles with Saf-T-Grip® Reusable Cable Straps or other cable ties
- Select managers to match cabinet frame height (RMU)
- Managers with small rings can be used in 23.6" W (600 mm) cabinets only
- Managers with large rings can be used in 27.6" (700 mm) and 31.5" (800 mm) wide cabinets only
- Designed for use with Gen 2 F-Series TeraFrame Cabinets only

For assistance in configuring your TeraFrame Cabinet, contact Technical Support at 800-834-4969 or visit CPI's Product Configurator at www.chatsworth.com/configurator.
