17" LCD KVM DRAWER

KEY FEATURES

- Combination rack-mount LCD panel, keyboard and touchpad drawer

- For 19"EIA cabinets, uses only 1U of rack-mount space

- Single or dual rail models; dual rail model allows the display to remain open when the keyboard tray is closed

- 17" industrial TFT LCD display

- US or UK keyboard layouts with integrated touchpad

- Supports VGA video connection and PS/2 or USB keyboard and mouse connections

- Also available with an integrated KVM Switch

APPLICATIONS

- Provide a single set of rack-mount peripherals for accessing computer equipment in four-post racks and cabinets

- Combine with a KVM switch to access multiple computers

USE WITH

- CPI Cabinet Systems
- CPI 4-Post Rack Systems
- KVM Switches

RELATED ACCESSORIES

- Power Distribution Units (PDUs)
- Electronic Locking System (ELS)
- Remote Infrastructure Management (RIM-600) System
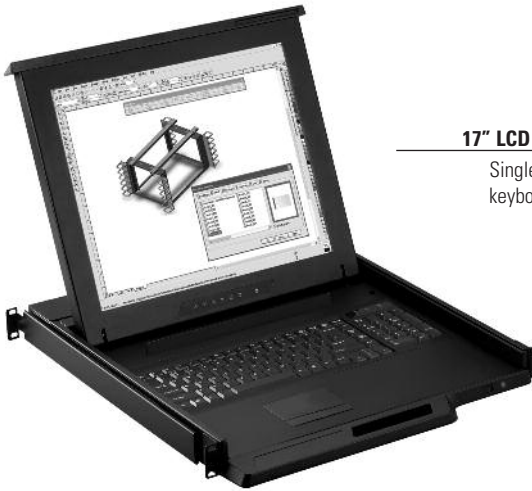

17" LCD KVM Drawer, Single Rail
Single rail laptop style display and keyboard.

17" LCD KVM Drawer, Dual Rail
Display and keyboard open separately.

The 17" LCD KVM Drawer is a combination LCD flat panel display, keyboard and touchpad console that uses only 1U of rack-mount space. Use the space-saving 17" LCD KVM Drawer in 4-post racks and cabinets to provide easy access to rack-mount computer equipment.

The 17" LCD KVM Drawer includes a 17" TFT LCD color display, a full size keyboard with separate number pad and an integrated touchpad. Both US and UK keyboard layouts are available. The drawer has a single HD15 connector and includes a Combo KVM Cable with connections for VGA video and PS/2, as well as USB keyboard and mouse, to connect equipment. The display supports a wide range of resolutions to match most PC, MAC, SUN, IBM, HP and Dell computers. A wide viewing angle and good contrast create a crisp, clear image.

Two drawer styles are available: single and dual rail. The single rail model features a laptop-style design where the keyboard and panel are hinged and the LCD panel pivots open. On the dual rail model, the keyboard tray and panel are separate, which allows the LCD panel to be left in the open position when the keyboard tray is closed.
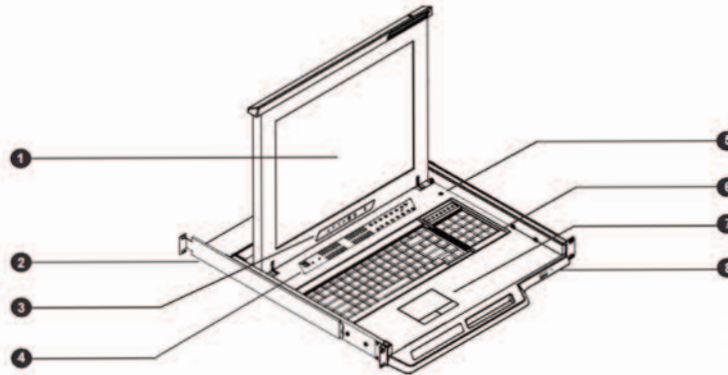

The 17" LCD KVM Drawer is part of a complete solution that includes KVM Switches which provide access to multiple computers from a single set of peripherals.

SPECIFICATIONS

- Combination rack-mount LCD flat panel monitor, keyboard and touchpad console
- For indoor use only, in environmentally controlled areas; may not be used outdoors, in harsh environments or in air-handling spaces
- Dimensions:
  - Single-Rail: 1.73"H x 17.4"W x 18.1"D (44 mm x 442 mm x 460 mm)
  - Dual-Rail: 1.73"H x 17.4"W x 25.6"D (44 mm x 442 mm x 650 mm)
- Rack-Mount Size:
  - 1U x 19"EIA
- 17" LCD monitor with TFT color display
- US or UK keyboard layout
- Integrated touchpad
- Compatibility: Multi-platform, PC, MAC, SUN, IBM, HP and Dell
- Display specifications:
  - Brightness (cd/m²): 250
  - Color Support: 16.7 M
  - Contrast Ratio (typ.): 1000:1
  - Viewing Angle (H/V): 160° x 160°
  - Display Area (mm): 338 x 270
  - Dot pitch (mm): 0.264
  - Tr Response Tim (ms): 5
  - LCD Panel MTBF (hrs): 50,000
  - VGA Signal Input: Analog RGB, 0.7Vp-p
  - Sync. Type: Separate H/V, Composite, SOG
- Supports Screen Resolutions:
  - 720 x 400, 70 Hz
  - 640 x 480, 60/70/72/75 Hz
  - 800 x 600, 60/70/72/75 Hz
  - 1024 x 768, 60/70/75 Hz
  - 1152 x 864, 60/70/75 Hz
  - 1280 x 720, 60/70/75 Hz
  - 1280 x 1024, 60/70/72/75 Hz

- Input Connector:
  - (1) HD15, 15-pin connector
- Electrical:
  - Power Input: Auto-sensing 100 to 240 VAC, 50/60 Hz
  - Power Consumption: Max. 48 Watt, Standby 5 Watt
  - Power Inlet: (1) IEC60320 C-14
- Environmental:
  - Operation: 32-122°F (0-50°C)
  - Storage: 23-140°F (-5-60°C)
  - Operating Realtive Humidity: 20%-90%, non-condensing
  - Storage Relative Humidity: 5%-90%, non-condensing
  - Shock: 10G acceleration (11 ms duration)
  - Vibration: 5-500Hz 1G RMS random vibration
- Regulation Approval:
  - FCC, CE (all)
- Includes Rack/Cabinet Mounting Brackets:
  - Requires four-point (front/rear) support
  - Single-Rail maximum front/rear depth is 29.5" (749 mm); minimum front/rear depth is 19" (482 mm)
  - Dual-Rail maximum front/rear depth is 35.5" (900 mm); minimum front/rear depth is 21.5" (546 mm)
- Includes Cables:
  - (1) 6'L (1.8 m) IEC60320 C-13 to NEMA 5-15P power cord
  - (1) 6'L (1.8 m) HD15 to VGA/PS2/USB Combo KVM Cable
- Finish: Black only
