Installation Instructions

THINLINE ELS1000 KIT LOCK

1. For ELS1000 lock assembly place the Packer piece on to the Door cut out from inner side, place ELS 1000 from front side of the door and the M16 Nut over the lock Spindle, push the cam onto the cam Spindle and fasten it with M4 X 10mm flanged screw (Fig.2).

Optional: If required - handle should be in lower side of the lock kit, the lock kit must be inverted 180 degrees and close the upper fixing hole with plug in (Fig.3a & 3b).
