

Installation Instructions

PATHWAY DIVIDER

Intended Use

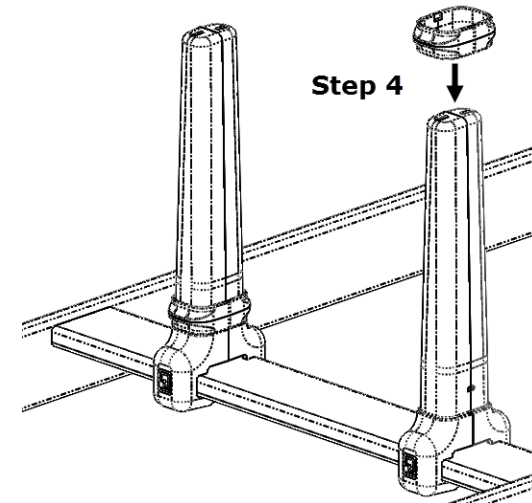

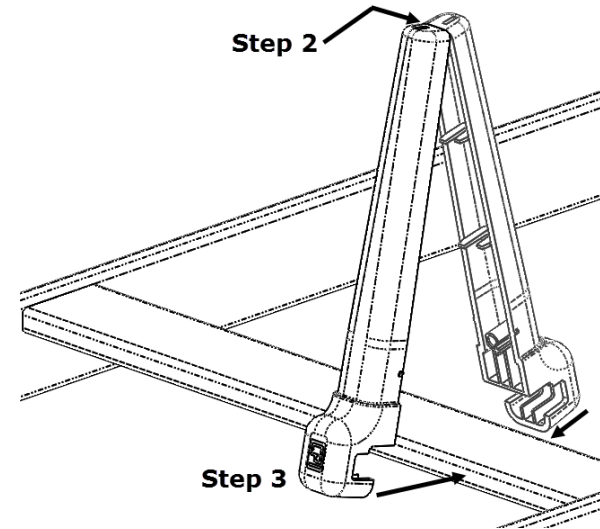

The Pathway Divider can be installed on the Cross Members of Universal (10250), TELCO (11252), UL Classified (11275), and Adjustable (14300) Cable Runway.

Included Parts

1. Pathway Divider Assembly

Installation

1. Remove the lock ring by pulling it towards the top end of the divider.
2. Pull the two divider halves apart at the bottom. The parts will hinge open at the top as shown in the picture at right.
3. Align the divider base openings with the runway Cross Member, then hinge the two halves together until they are completely fitted around the Cross Member.
4. Slide the lock ring all the way down over the post until it locks in place.
