

RMR Enclosure ComSeal Grommet

ComSeal by Roxtec is a light-weight and efficient cable-sealing solution for industrial enclosures. The solutions are supplied as readymade kits, including adaptable sealing modules, which simplify planning, purchasing and installation. The seals can be attached to either the inside or the outside of an enclosure. This compensates for interfering equipment in cramped spaces and makes installation easy.

SPECIFICATIONS

Type: Roxtec ComSeal Kit
 External dimensions: Varies with model, see ordering information
 Packing Space* (mm): Varies with model, see ordering information
 Hole dimension in cabinet: Varies with model, see ordering information
 Material: Powder coated aluminum
