

Mounting Hardware Kits for Vertical Mounting Rail

Use screws to secure equipment to threaded mounting rails. Use cage nuts to secure equipment to square-punched mounting rails. With square-punched rails, you can change the thread (cage nut) to match equipment mounting hardware requirements.

For assistance in configuring your TeraFrame Cabinet, contact Technical Support at 800-834-4969 or visit CPIs Product Configurator at chatsworth.com/configurator.
